## Geocel Ltd

### Environmental Policy Statement

Geocel Ltd. is a leading manufacturer and distributor of sealant compounds and related materials, operating primarily in the United Kingdom, but also with a significant number of export customers.

- 1) The company will endeavour to:
  - Manage its environmental performance
  - Commit to comply with all relevant legislation and other requirements
  - Prevent pollution from its activities
  - Pursue continuous improvement
  - Use the best practicable environmentally sound operating methods and technologies
  
- 2) Using a method to appraise our environmental aspects and impacts we have detailed the areas that have a significant environmental impact; these shall be reviewed annually and objectives and targets set to maintain and improve performance in the following areas:
  - Reduction of waste by process improvement, re-use and re-cycling.
  - More efficient use of fuels, energy, water and raw materials.
  - Implement safe and efficient storage, handling, use and transport of all materials.
  
- 3) We will continue to develop a culture that improves environmental awareness in the daily operation of the business by ensuring that all company personnel are aware of the environmental policy and the requirements of the Environmental Management System through training and awareness briefings.
  
- 4) Work with customers and stakeholders to identify, evaluate and improve the environmentally positive impacts of our products.
  
- 5) This policy will be made available to the public by inclusion on our website [www.geocel.co.uk](http://www.geocel.co.uk) and will be posted on notice boards to make it accessible to staff.
