

QUALITY STATEMENT

Geocel Limited is one of the UK's leading suppliers of sealants and adhesives and has over a quarter of a century of international experience in the construction and industrial sectors, providing sealants, coatings and associated chemical products. The company combines a wealth of innovative technical and manufacturing expertise with a strong commitment to quality.

A rigorous Quality Management System has been implemented to ensure that we achieve and maintain a high standard of service which satisfies the needs and expectations of our customers, and ensures that our products meet statutory and regulatory requirements. To achieve this end, the company is committed to effective Quality Management at every level within the business and to the requirements of the internationally recognised ISO 9001 quality standard.

Each process is fundamental to upholding the Quality Management System and every individual has a valuable contribution to make. Ultimate responsibility for the Quality Management System rests with the Board of Directors who fully support the implementation and administration of the System.

Development of the Quality Management System is an ongoing process and continuous improvement plays a vital part in developing areas of opportunity and eliminating the main causes of deficiencies. This is carried out by monitoring such markers as customer satisfaction and product quality.

Geocel Limited is committed to offering the highest level of quality at all levels and will strive to achieve this in every task that is carried out and to provide the best service to all customers, both internal and external.

Will Barclay
Managing Director
